PRESIDENT'S ADDRESS

The Philosophy of *Greater Love School of Ministry* is to provide our students with a kind of training which has been designed:

To impart the Revelation Knowledge of the Word of God, in a simple and a practical way, in order to enlighten and enrich the students spiritually; to impart the Anointing of the Holy Spirit, which is so vital and essential to fulfill the task of reaching the whole world with the Gospel; and to minister to the needs of the people with the power of the Holy Spirit.

The Theoretical Contents of the Degree Courses offered by *Greater Love School of Ministry* adequately covers all the essential Biblical Doctrines and Principles, which would challenge and motivate the students to maintain the highest spiritual standards, both in their personal lives and in their ministry, without violating the Word of God. The Highlights and the Unique Features of the curriculum of *Greater Love School of Ministry* is that the Courses are written in a very simple and a practical way. This segment of the curriculum has been designed and plugged into the overall curriculum to facilitate the Spiritual, Leadership and Church Growth. Numerous comments have been received about the impact that these Courses have had both in the personal lives and in the ministry of thousands of servants of God.

It is my conviction and firm belief that every prospective student of *Greater Love School of Ministry*, regardless of their background and calling, will find all the course materials provided by *Greater Love School of Ministry*, in the curriculum of various degree programs, very relevant, meaningful, practical and challenging, in preparing them to achieve their ministry goals, with great success, optimizing the use of spiritual and material resources which are available to them, in order to extend the Kingdom of God, in a historic and an unprecedented way, facing the challenges of today!

Sincerely,

Raymond Garrett, D. Min, M. Div, M.A.
President & Founder

THE SCHOOL

It is the purpose of *Greater Love School of Ministry* to:

1. Provide a systematic and practical Bible education for any believer.
2. Help prepare believers for ministries through the local church. Areas of concentration include Biblical Studies, Pastoral Studies, Evangelism and Missions, Christian Education, and Christian Counseling.
3. Encourage and revitalize those currently in the ministry through an invigorating exposure to God's Word.
4. Make a quality, Biblical education affordable and user-friendly for every off-campus student.
5. Grant degrees of recognition for achievement in various levels of Bible education.

Educational Purpose:

Mission: To educate people who are interested in empowering themselves to do ministry on a greater level and to serve their church and community with confidence and knowledge to mirror their conviction.

Objective: To nurture and develop Christian leaders with a solid foundation not just in the Word of God but in their service and application of ministry where they may be able to better serve and be good stewards of the assignment God has given them.

As a *Greater Love School of Ministry* Graduate You Will Be:

1. A proven self-starter
2. A proven self-learner
3. Passionate about education
4. Passionate about the Bible
5. Grounded in Bible basics
6. Faithful steward with God's money

In short, the *Greater Love School of Ministry* graduate will be equipped to serve the church, the Lord, His children and His 'soon-to-be' children.

PHILOSOPHY OF EDUCATION

It is the purpose of *Greater Love School of Ministry and Leadership Institute Inc* to contribute to the development of our students in the areas of Christian character, academic skills, subject mastery, Biblical understanding, and practical wisdom.

We believe that Christian character and practical wisdom are best achieved through a cooperative effort with the local church. Academic skills and subject mastery are accomplished through clear explanation and responsive repetition, such as that found in our workbooks. There is no beneficial understanding apart from a Biblical understanding (Eph. 4:17-24). Our entire curriculum is written from a Biblical viewpoint.

We firmly believe that conclusions about life and reality must be based on the Word of God above all other experience and research.

We believe study methods should be individualized (You study to show thyself approved...), and if at all possible, directed by the Pastor/Teacher (II Tim 2:15; 2).

We believe the product of higher education should be a Christian servant, skilled in the Word of God, trained in an area of service, and able to effectively use his education to the glory of God.

Statement of Faith

1. We believe the Bible is the inspired, inerrant, infallible, authoritative Word of God and is the all sufficient rule in matters of faith and practice.
2. We believe in the historical accuracy of all Biblical accounts including: special creation as it occurred during six literal days, the existence of Adam and Eve as the progenitors of all people, the fall and resultant divine curse on creation, and the worldwide flood.
3. We believe in the triune God, existing in three persons: Father, Son, and Holy Spirit. These three are co-eternal and co-equal from all eternity, each with distinct personalities but of one essence. God is sovereign, unchangeable and perfect in all His attributes. He is worthy of honor, adoration, and obedience.
4. We believe Jesus Christ is the Son of God, born miraculously of a virgin, sinless in His humanity, and complete in His deity as the second person in the Trinity. His suffering and literal death was a substitutionary sacrifice for the sin of the world. He was buried and rose again bodily and ascended into heaven.
5. We believe that man is totally depraved and salvation from the eternal penalty of sin is provided solely by the grace of God through personal faith in His person and work.
6. We believe in the personal work of the Holy Spirit which includes conviction of sin, regeneration of sinners, and indwelling believers.
7. We believe that Satan is a fallen angel, the archenemy of God and man, the unholy god of this world, for whom the place of eternal punishment was prepared, where all who die outside of Christ shall be confined in conscious torment for eternity.
8. We believe in the bodily return of Christ to establish His literal eternal Kingdom.

STUDENT CODE OF CONDUCT

Attendance

Students are expected to attend all the classes for the subject(s) in which they are enrolled. Attendance in distance education constitutes successful completion of assignments in allotted time frames, consistent communication with professors and classmates, and good standing with the finance department. Unexcused absence from more than 30% of the classes for a subject will result in forfeiture of all credits for that subject. An exception to the 70% rule may be made if the absences are due to acceptable reasons, and if the student is able to satisfy the requirements for that subject (e.g., by completing additional assignments and/or field work). Granting or refusing this privilege will be at the faculty mentor's discretion.

The School of Ministry or Director or Administrator will counsel students failing to maintain satisfactory attendance, and an attempt will be made to solve the problem. Continued unsatisfactory attendance will be sufficient grounds for dismissal. Re-admission may be permitted if the student can show the Dean that the problem has been overcome. For external study students, unless the mentor has assigned a specific residency requirement, no specific attendance requirements exist. However, personal discipline in daily study is essential.

Worship

Each student is expected to be active in a worshipping community. It is through church life that issues of character change are to be faced and practical learning is to occur. Each student should maintain a journal of his or her church experience and Christian service.

Assignments

Various assignments will be given to students, depending on the course in which the student is enrolled. Assignments may take the form of essays, questions to be answered, multiple-choice tests, field work, local church activities, etc. These will be delineated by the course syllabi and faculty mentor relationship.

Some assignments may be mandatory. Failure to complete satisfactorily any of those assignments may forfeit all credits for that particular subject.

5 Other assignments may be optional, or may affect only a stated percentage of the grade.

Personal or Financial Difficulties

If a student comes into personal or financial difficulty, or if a problem develops concerning policies, procedures or other aspects of the School of Ministry, the student should consult with his/her faculty mentor immediately. Problems should not be allowed to grow until they become insurmountable. The faculty mentor should be consulted, especially if the student is contemplating leaving the School of Ministry. The School of Ministry staff is ready and anxious to do everything possible to insure that students succeed in their preparation for the ministry.

Dismissal

The student may be recommended for dismissal in the event of a violation of the Student Code of Conduct, remaining in severe financial delinquency in violation of the Enrollment Agreement, or failing to meet Satisfactory Academic Progress. In the event of a recommended dismissal, the student should follow the Student Rights for purposes of appeal.

Differences

Students are not expected to agree with everything that will be taught within the various courses. Students are, however, expected to treat the views of the faculty members and fellow students with respect. If a disagreement arises about something that is being taught, the student should listen as openly as possible, giving due attention to anything that the Holy Spirit may be saying.

The student should not expect the Holy Spirit to speak to everyone in the same way, or lead everyone in the same direction. The Holy Spirit has a multifaceted plan to suit the extraordinary diversity that exists in the Church. There is much that one can learn from others.

In assignments, the student will be free to express his or her own views, but at other times will be required to show an understanding of alternate view points and be able to express that differing opinion, even if it conflicts with the student's personal beliefs. It is important for the student to follow the instructions at all times in the preparation of assignments.

12 STUDENT CODE OF CONDUCT

Questions

Students are encouraged to ask questions. Common courtesy dictates that a student should put his or her questions in writing to submit to the faculty mentor. Usually, the faculty mentor's response will need to be accepted (even if the response is in conflict with the student's stand). Though continuing dialogue is a part of the educational program, the student is encouraged to utilize the faculty mentor as a senior mentor assisting the student to develop fuller understanding, knowledge and wisdom.

Student Handbook

The Greater Love School of Ministry *Student Handbook/Catalog* outlines the special and unique relationship between the student, local mentor, and School administration. It is valuable reading because it offers guidance on how to succeed in distance learning, and other tips, policies, and suggestions that smooth and strengthen participation in the program. The student handbook information is included in this catalog.

Agreement with The Student Policy and Statement of Beliefs

Each student will be required to sign a statement of agreement on the application form indicating that they have read the section of the catalog entitled "Student Code of Conduct," the statement of beliefs, and that the student is in full agreement.

Transcripts

Transcripts are issued at a charge of \$10.00. Official transcripts are only issued directly to other institutions upon request. Transcripts will not be issued for a student who has failed to meet all of his financial obligations. It normally takes 4-6 weeks to process a transcript. All requests must be made in writing

Non-Discrimination Policy (Title IX)

Greater Love School of Ministry subscribes to the principles and laws of the State and the federal government pertaining to civil rights and equal opportunity, including Title IX of the Education Amendment of 1972. Greater Love School of Ministry policy prohibits discrimination on the basis of race, sex, religion, age,

color, national or ethnic origin, marital status, or handicap in recruitment and admission of students, scholarship and loan programs, and in the operation of all college-administered programs, activities, and services.

The seminary has designated the chairman of the board of regents as the Title IX coordinator.

Evidence of practices inconsistent with the seminaries non-discrimination policy should be reported in writing to the Title IX coordinator who will evaluate the inconsistencies and take appropriate action. Should the complainant be dissatisfied with the resolution of the matter as determined by the Title IX coordinator, the complainant may submit a written report to the president of the seminary. The decision of the president in the matter shall be final.

Sexual Harassment Policy

The seminary prohibits any form of sexual harassment. Sexual harassment is a form of sexual discrimination and is prohibited by federal laws, including Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendment of 1972. Any practices inconsistent with this policy should be reported in writing to the Title IX coordinator.

The student must maintain Satisfactory Academic Progress by earning a GPA outside the range of Academic Probation (see below) or after having earned the designation of Academic Probation, improved to a GPA outside of the stated probationary range. BENEFITS of Greater Love School of Ministry PROGRAMS

1. Distant Learning/External Programs — permits flexibility in your schedule; allowing you to continue your education without interrupting your present responsibilities. External programs are designed for the mature person whose responsibilities will not permit full-time on-campus study.
2. Helps you to be more effective— in the Lord’s work by giving you more than head knowledge instead equipping you with knowledge and purpose.
3. This ministry makes a Christian education affordable —No student loans or grants are required to get your degree!
4. Measurable progress is seen— as you study only God’s truth. A three-credit course may be completed every 2-4 weeks. Human reasoning’s outside the truth of the Bible are not taught here.
5. Credit for college-level life and ministry experience is available at the Bachelor degree level.
6. Our program is tailored to meet your individual needs—Advisors are available to personally assist and guide you toward your goals in Christian service.
7. The student is given step-by-step, achievable objectives— leading toward a well-rounded and relevant study of the Bible applied to our lives in today’s world.
8. Students from other schools may transfer in and finish their degrees...or earn advanced degrees.
9. Each Greater Love School of Ministry course promotes spiritual growth, builds character, strengthens your home and church, and offers preparation for a Christian ministry.

NON-TRADITIONAL EDUCATION - THE NEW TRADITION

You can earn your quality Bible school degree, without quitting your job or attending classes!

Those who have the luxury of plenty of extra time and a wealth of financial resources, which are required to attend a traditional college or School of Ministry, may decide to do so, even after reading this seminary catalog. But, for those of you who are already involved in earning a living, raising a family and trying to better your position, genuine concerns about the expenses and time required to complete a traditional education may be preventing you from achieving the education and success that you deserve. The great news is that you can now earn your valuable degree, in a reasonable amount of time, instead of many years of tedious study and at a savings of as much as 99%.

How is this possible? Greater Love School of Ministry, like many similar non-traditional educational institutions throughout the United States, is not concerned as much with time in the classroom as with demonstrable knowledge through evaluation of both coursework and prior experience and learning.

We will consider what you have studied throughout your life and what you may have learned through life and work experience. We will combine the results of your study in our programs as well as our evaluation of your past experience and learning, to determine what you know and understand. We then grant degrees based on our assessment of your presumed educational and practical experience together with your completed coursework and research projects at Greater Love School of Ministry.

Our School of Ministry, in addition to coursework, will grant credit for pertinent life and work experience with educational and experiential value. Other schools that grant degrees considering life and work experience include Harvard, Yale, the School of Ministry of the State of New York, and many others.

This is a new and acceptable concept, the way of the future in advanced education.

The Value of a Non -Traditional Degree

A U.S. Government-sponsored study [1] reported on the outcomes of earning both traditional and non-traditional degrees, as reported by thousands of graduates.

Graduates reported degrees from both accredited and unaccredited schools.

The study sought answers to three primary questions:

1. Do those graduates having non-traditional degrees have a greater problem getting better jobs, or gaining admission to traditional graduate schools, than those with traditional degrees?
2. Are there significant differences between outcomes of having an unaccredited, versus an accredited, non-traditional degree?
3. Are graduates with non-traditional degrees satisfied with the outcomes of having those degrees?

Here Is What Was Learned:

Non-Traditional Degrees and Desirable Jobs

In a survey of Human Resources officers at 81 large corporations, an overwhelming majority felt that while education was important, a non-traditional degree appeared as useful as a traditional one, even if the traditional school had “a strong reputation.” The researchers noted that these findings “run counter to some popular beliefs,” but the “survey data strongly suggest that employers, as a group, are not overly concerned with institutional reputation, and that external degree holders should not find themselves denied opportunities in employment settings because of the nature of their degree.”

Not available at this time

Restrictions

- 1) The spousal discount plan is effective only if the tuition discounted spouse enrolls in the program within 30 days of the enrollment of the paying spouse.
- 2) If a paying spouse withdraws from the school, the tuition discounted spouse must also withdraw or convert to a paid program.

Tuition must be paid in full within 24 months even if the student has not completed all coursework required to receive their degree. The cost of tuition that is applicable to the degree program, in which you want to join, should be sent along with your application or at the same time. Your application will be processed, and the Admission Letter will be sent only after the receipt of your Tuition in full or based upon your monthly payment arrangements!

Monthly tuition is due on or before the 5th of each month. However, if the student fails to make his/her required payment on the scheduled date, a late fee of \$25.00 will be implemented. Failure to make monthly payments for two (2) consecutive months will be grounds for expulsion from the Degree Program the student is enrolled in. If the student is expelled for financial reasons, he/she may appeal and seek reinstatement. However, the student, once expelled for financial reasons, will be required to pay the outstanding balance in full, including late fees and reinstatement fees. Please contact us if you are having financial difficulties.

We accept credit card, checks, PayPal, cashier's checks and cash as acceptable forms of payment towards tuition or mail to corresponding address. All academic program requirements and financial obligations must be met before any certificate, diploma, or degree will be awarded.

TUITION PAYMENT PLANS

Tuition is payable at the start of each class. No student will be considered officially enrolled until the registration and tuition fees have been paid. A student can make a full tuition payment toward their complete program or make arrangements for an installment agreement.

In order to qualify for an installment payment agreement and begin a degree program, the student must make the required minimum down payment and agree to make monthly tuition payments in alignment with the start of each class. Tuition payments must be received each calendar month until tuition is paid in full. Neither diploma nor transcript will be issued until the student's obligation has been paid in full. All students must conform to their payment agreements.

Convenient payments of your education is available through PayPal by MasterCard®, Visa®, Givelify and Zelle.

Refund Policy

Because the majority of courses through Greater Love School of Ministry are offered via distance education such as Zoom, online study modalities, and/or correspondence, we do not issue refunds for any reason. Should a student wish to cancel their program at any time, we will cancel all further tuition obligations without penalty. If a student pays for a course and can reasonably articulate to the Instructor why they feel they are entitled to a refund, monies will be refunded at the discretion of the individual Instructor and President of the school.

Tuition Agreement

Students are required to sign the Greater Love School of Ministry Tuition Agreement upon entrance into their first class as a part of the application and registration process. The agreement is a contract signed by the student and a school official that gives information on costs, rights to cancel, and the refund policy.

Student Loans

Greater Love School of Ministry does not participate in Federal or State Student Loan Programs or Financial Aid. Students are responsible to repay the full amount of any private loans plus interest. Refunds are not applied to private loans but are returned directly to the student. A student enrolled in an unaccredited institution is not eligible for federal financial aid programs.

Course Materials

Course materials will be mailed to the student every 4 weeks after monthly tuition has been paid. If the student does not complete a course within the 6 weeks allotted time, they will receive an interim grade of I (Incomplete). The student will still be allowed to finish the work for each course, however the grade of “I” will stand until the finished work is submitted for grading. Once graded, the student’s final grade will be recorded.

It is ultimately the student's responsibility to obtain course materials so that they may finish the work. Once the student has received the syllabus or class is made available to student, they are considered enrolled in the course and have received complete course instruction enabling the student to finish the required work for grading.

SCHOLARSHIPS

There are no scholarship options available at this time but we encourage that students will reach out to their local parish for ministry support. Scholarships or financial support often is available from the local church you may attend.

There may also be special program discounts available from to time and also special consideration for students based on financial hardship.

STUDENT RIGHTS & GRIEVANCES

Scope and Purpose

Introduction

Students have the right to appeal decisions that affect them. Greater Love School of Ministry seeks to establish policies and implement practices that minimize the need for any person to report any type of grievance. However, recognizing that it is not possible to establish or administrate policies and procedures that serve all students in ways they perceive as equitable, these policies and processes are established.

Objectives

1. The student shall be treated respectfully throughout all grievance processes.
2. The matter shall be resolved as quickly as possible, at the most accessible administrative level, with minimal disruption to educational progress, and without negative consequences for any party.
3. The filing of a grievance should not, by itself, delay fulfillment of a Greater Love School of Ministry student's academic goals or bias Greater Love School of Ministry against that student.
4. The processes shall lead to an outcome that is fair to all parties.
5. The outcome shall be within the mission of the Institution and without dilution of its educational standards, and not diminish the student's educational experience.

Processes for Resolution

General Guidelines

1. Recognizing that the root of many grievances is lack of information, upon considering filing a grievance the student is urged to immediately review relevant requirements and expectations by consulting the catalog and the course syllabus.
2. When voice communication with a faculty member or Greater Love School of Ministry employee is available, it should be used first. Voice communication may be used within the process of Informal or Formal Resolution but only written communication shall be considered binding.

3. Time is of the essence. All complaints must be filed within 30 calendar days after the incident being grieved occurred. A response to the complaint must be filed within 15 working days. Time lines may be adjusted if there are compelling reasons for delay.

Informal Resolution

1. The student initiates written communication with the faculty member or Greater Love School of Ministry employee. This is to include:
 - a. A clear description of the perceived irregularity or injustice.
 - b. The basis by which that judgment is made.
 - c. A proposed resolution.
2. The Greater Love School of Ministry party responds.
3. If the student is not satisfied with the response, the student may request review of the pertinent communication by the Greater Love School of Ministry party's immediate administrative overseer, with ruling by that person.

ADMISSIONS PROCEDURES

Greater Love School of Ministry admits students of any race, color, sex, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school.
